exptis Octroi

2 ~~3~~ The Octroi is levied on Cocoanuts, dry and green, Betel leaves, and Tobacco. The estimate of the moiety of the revenue from the tax on each of these articles, creditable to Municipal Fund is small in each Town The total Estimate of the Octroi receipts in all the Municipalities for the current year is Rs 1281 or Rs 104 less than that of the past year, ~~and~~ the actuals of the year 1881-82 ~~having amounted~~ to Rs 1059 ~~for the~~ District. The Deputy Commissioner therefore proposes to abolish the tax altogether The proposal is sanctioned.

To

The Secretary to the
Govt of Mysore

Sir,

In submitting herewith the Budget Estimates of the several Municipalities of the District for the year 1883/84, I have the honor to state that the total Receipts are estimated to amount to Rs 14260 of against Rs 13427/- of last year. The increase is so slight under the several heads as shewn in the margin that it calls for no special remarks. The increase however under the head "Octroi" is a further indication that the duty with-

4. Increase under the heads of "Conservancy", "Lighting" and "Miscellaneous" are to meet the Cost of improving the Sanitary Conditions of the Towns by increasing the Conservancy Establishments, &c.

Provision of Rs 1442/- under "Educational" is owing to the Revised Rs. Sanctioned vide G.O. No 2810 dated 16th December 1892 and G.O. No 769 dated 30th March 1893.

Increase under Dispensaries is owing to the opening of the Taluk Dispensary and additions of the Municipal Corporation for the Revised Estimate though there is a slight increase under each.

above charges for closing balance of the year is estimated to be Rs 20254/-

8. In soliciting early sanction to the Budget, I would remark that I have inspected most of the Sirsi Karbas and Siddapur Taluks, and am very familiar with the Roads and Bridges, and stand in urgent need of improvement. For instance I am spending per the case of Sirsi, Chandavara and Anexal Roads for each of which estimates to roads have been proposed above Rs 500/-. Most of the roads in this area are impassable for carts for many months after a fair fall of rain, and the Estimate of the drainage, metalling, Culverts, and bridges are a source of annoyance and cause of

to the inhabitants. It has thus appeared to me expedient that the estimates for works for the District should be made on a large scale, and the outlay on this account has been accordingly raised to above Rs 10,000/-

9. In most of the works, I will ask the Executive Engineer to allow his subordinates to check and otherwise afford assistance and will of course make a point of inspecting each of the more important works myself.

I have the honor to be
